ROMER JOHN DE LINA

Calgary, Alberta | (587) 707-0026 | romerdelina@gmail.com | LinkedIn | Portfolio

PROFESSIONAL SUMMARY

Computer Science undergraduate and Software Development diploma graduate with academic project experience spanning interface design, software requirements, process modelling, development, and functional testing. Experienced collaborating on a six-person capstone team and communicating technical work through documentation and demonstrations. Interested in entry-level technology, design, analysis, quality assurance, and support roles.

TECHNICAL SKILLS

Design & Prototyping: Figma, Canva, Software Ideas Modeler
Programming & Web: Python, JavaScript, HTML, CSS
Development Tools: GitHub, GitLab, Visual Studio, VS Code
Data & Productivity: Microsoft Excel, Google Sheets

PROJECT EXPERIENCE

JAMPER Finance | Lead Designer & Full-Stack Developer (Academic Capstone)

September 2024 – April 2025 | Six-person team

- Gathered and documented software requirements; created UML diagrams, flowcharts, and user flows to communicate functionality and design decisions.
- Designed application wireframes, interfaces, and interactive prototypes in Figma, contributing to the user experience and visual presentation.
- Contributed to frontend and backend development using C#, HTML, CSS, SQLite, and APIs; worked with database queries and application features.
- Tested application functionality, identified defects, and troubleshot issues during development.
- Collaborated through GitHub and Jira; presented and demonstrated the application and its features to an audience.

EDUCATION

University of Lethbridge | Post-Diploma Bachelor of Science in Computer Science

Calgary, Alberta | Expected June 2027

Relevant coursework: Database Management Systems, Practical Software Development (C++), Software Engineering, Data Structures & Algorithms, Artificial Intelligence

Southern Alberta Institute of Technology (SAIT) | Diploma in Software Development

Calgary, Alberta | June 2025 | GPA: 3.79

Relevant coursework: UI/UX Design, Web Development, Database Programming, Software Security, Technical Communications

PROFESSIONAL EXPERIENCE

Create Compounding Pharmacy | Delivery Driver (Permanent Part-Time)

Calgary, Alberta | July 2025 – Present

- Complete pharmacy deliveries per shift, prioritizing accurate, timely service across assigned routes.
- Maintain delivery records and handle sensitive, time-critical pharmaceutical orders with attention to detail and professionalism.
